POCKET-LESS®

PITA

*Kontos' Signature Bread*

Pocketless pita is a classic staple of the cultures of Greece and the Middle East. The particular dough and traditional hand-stretching method used to make Kontos® POCKET-LESS® PITA makes a very light and fluffy flatbread that toasts to perfection ... but does not produce a pocket.

While classically inspired, it meets the needs of today's busy lifestyle. But its old-fashioned taste, texture and aroma will take you back to your childhood family kitchen!
